FIRE FIGHTING

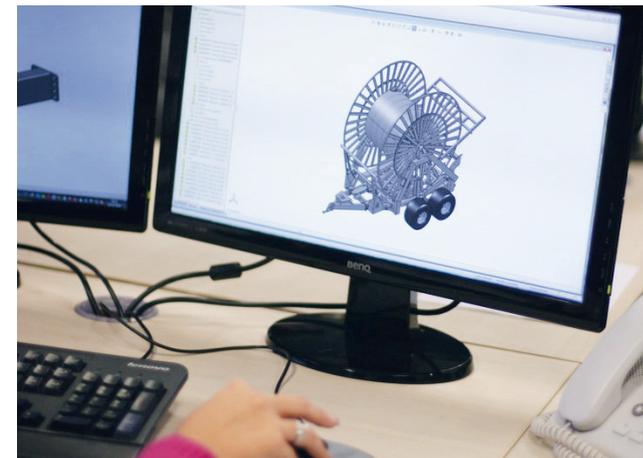

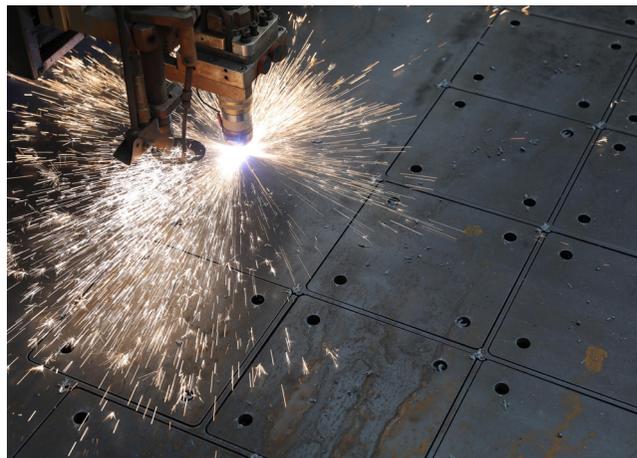

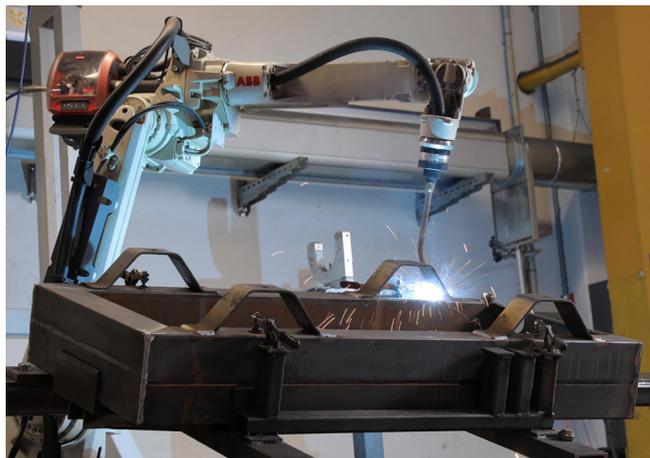

ENGLISH VERSION

Idrofoglia Irrigation was established in 1979 as a manufacturing company of irrigation machines, motor pumps and electric pumps using the 30 years' experience of its founders in the field of agricultural machineries. Today Idrofoglia is one of the most important industries of irrigation technologies for water and fluid movement and operates with a worldwide distribution network.

Thanks to its capacity to renew and update constantly the production, the company has exponentially increased its turnover. This result shows a greater appreciation and satisfaction of customers from all over the world. Idrofoglia expanded its product range with motor pumps and electric pumps for industrial and construction, with new business divisions: **Idrofoglia Dewatering, Industry, Fire Fighting and Pressurization.**

CERTIFIED MANAGEMENT SYSTEM
ISO 9001

Thanks to UNI EN ISO certifications for the supervision of quality standards and company production control, Idrofoglia assures to its customers an increasingly efficient service and at the same time is committed to reducing all critical environmental impacts. As guarantee for our high-quality standards, our design, production and customer service comply with ISO 9001:2015 and EN 1090-1 certifications.

Idrofoglia is the innovative and ecologically responsible company that will make your project reality.

Cribis Prime Company evaluates the highest level of reliability of a company, issuing its own certificates to companies that constantly maintain a high commercial reliability. The parameters are evaluated according to the Cribis D&B Rating, a dynamic and constantly updated indicator that measures the commercial credibility of a company and loyalty to its customers.

Idrofoglia has obtained this prestigious recognition on the basis of numerous variables such as business historicity, balance sheet data and extreme punctuality in payments; consolidating as one of the most reliable and credible companies on the market.

1 INTERNAL PRODUCTIVE PROCESS (VERTICAL INTEGRATION).

The 6 steps of the productive process are 100% managed by Idrofoglia.

2 INVESTMENTS.

In the last 3 years, Idrofoglia invested more than Euro 21.8 MLN in new machineries and facilities to improve the quality of the products.

3 LARGE STOCK.

4 TAILOR-MADE SOLUTIONS

Idrofoglia can be the right partner for customized projects and sophisticated solutions:

- . Motor pumps set with filters for irrigation waters with sand;*
- . Reels for hose winding for ships;*
- . Booster stations for dredging applications;*
- . ATEX motor pumps for explosion risk environments;*
- . High pressure motor pumps for fuel tanks cleaning;*
- . Special pumps for salt waters / charged waters;*
- . Motor pump sets with alternators for pivot systems;*
- . Hydraulic motor pump complete sets for mining dewatering;*
- . Wellpoint complete systems (motor pump sets and accessories);*
- . Fire-fighting underground systems for pump set and foam pre-mixer;*
- . Big water tanks for safety systems (up to 120 m³ capacity – 20 mt length)*

5 AFTER SALES.

Idrofoglia follows the customers in all the phases of the post-sales.

6 STAFF.

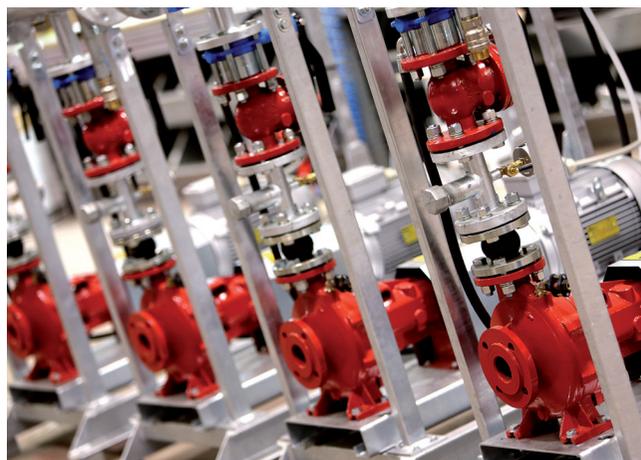

All Idrofoglia Staff, starting from the commercial and managing departments, to our technicians and logistic experts, has the prior objective of customer satisfaction. All your requests and inquiries will be evaluated with highest availability, professionalism, rapidity and politeness.

Technical pre - and after-sales support with multilingual availability 365 days a year.

Immediate price estimation for standard and no standard machines.

Highly specialized technical staff available for designing new installations and solutions and even for technical trainings directly at our company premises.
