

IDROFOGLIA®

WATER EVERYWHERE

Idrofoglia Irrigation Systems was established in 1979 as a manufacturing firm of irrigation machines, using the thirty-year experience of its founders in the field of agricultural machineries.

Today Idrofoglia is one of the most important manufacturing industries of irrigation technologies for the water and fluid movement and operates with a worldwide distribution network.

5 FOR PRODUCTS...

1. A complete range for all our product types, conceived and perfected thanks to years of experience and particular attentions towards the feedback from the market and the needs of our customers.
2. Quick delivery thanks to a full stock of all the components needed for the realization of our products.
3. Extremely competitive prices thanks to the in-house production of frames, canopies and all metal structures.
4. High quality guaranteed by over 30 years of experience, CE certifications and the security of the Made in Italy handwork.
5. Possibility to realize highly customized products (for the most varying applications: industrial, military, civil, etc...), keeping our competitive prices and quick deliveries.

...AND 5 FOR STAFF

6. All Idrofoglia Staff, starting from the commercial and managing departments, to our technicians and logistic experts, has the prior objective of customer satisfaction. All your requests and inquiries will be evaluated with highest availability, professionalism, rapidity and politeness.

7. A young and dynamic staff, always prepared to the all-changing market conditions.

8. Technical pre- and after-sales support with multilingual availability 365 days a year.

9. Immediate price estimation for standard and no standard machines.

10. Highly specialized technical staff available for designing new installations and solutions and even for technical trainings directly at our company premises.
